

# Winter Courses

## CERTIFIED LACTATION EDUCATOR (CLE™)

### HAVE YOU EVER DREAMED ABOUT A CAREER IN LACTATION EDUCATION?

Childbirth and Postpartum Professional Association provides an exceptional lactation program that prepares Lactation Educators. CAPPAs offers the *only* Certified Lactation Educator Course. The "CLE" trade-mark makes a difference, but more importantly, the process that it takes to secure those letters after a name should come from a trusted source. CAPPAs is that source!!!

This course is perfectly suited for anyone who works with prenatal or postpartum moms. The maternal/child professional as well as the community volunteer will benefit from this well-rounded breastfeeding education course. **Participants learn to build confidence and skills in lactation education.** Typical attendees include:

- Labor & Delivery Nurses
- Pediatric Nurses
- WIC Peer Counselors
- Childbirth Educators
- Postpartum Nurses
- La Leche League Leaders
- Nutritionists
- Public Health Employees
- Doulas
- Midwives

Christine Sneed, IBCLC, CLE, CCCE has over 15 years teaching experience. She has worked as a Doula, Lactation Consultant, Childbirth Educator, and Patient Advocate. In addition to being on faculty with CAPPAs (Childbirth and Postpartum Professional Association) for the Lactation Educator program, Christine has worked for LifeCircle Women's Healthcare in Cleveland, TN for over ten years as a patient advocate overseeing the quality of care for the patients' antenatal/postpartum experience.
